

HEAR FROM PAST WORK EXPERIENCE PUPILS...

"In the morning we spent time in Quality Control, testing animal feed, which was really interesting and fun. In the afternoon, we moved over to the Warehouse where we helped serve customers and learned more about how orders are prepared."

"I got an insight into how a business runs and all the different roles within Dugdale Nutrition."

"My favourite day was spent in the Quality Testing department, where the team showed us how to grind down pellets and test them to check the protein levels. Before testing, we organised the samples into piles to make them easier to manage. This was definitely my favourite department within the company. We finished the day by serving customers in the warehouse, which was a great way to round things off."

"You get to meet lots of different people, and everyone is really friendly and supportive."

ABOUT DUGDALE NUTRITION...

With over 175 years of history behind us, Dugdale Nutrition is proud to remain a fully independent, modern family business. We're passionate about supporting British agriculture with high-quality feeds, advice and innovation. By offering work experience, we're opening our doors to allow students to discover the many different career paths within our business: from office roles to practical, hands-on work in transport and nutrition.

ABOUT WORK EXPERIENCE WITH US...

Are you curious to find out how a modern agricultural business runs? Are you interested in exploring different career options and learning new skills?

Our week-long Work Experience Programme gives you the chance to rotate across several departments including Transport, HR, Sales and Admin so you can see how each part of Dugdale Nutrition plays a role in keeping us moving.

From completing office tasks like paperwork and risk assessments, to shadowing practical, hands-on roles, you'll gain valuable insight into the teamwork and expertise that drive our industry.

DO YOU...

- Have an interest in business, farming, animals or learning how things work?
- Have a positive attitude and willingness to get involved?
- Work well as a team and love to try new challenges?
- Have enthusiasm to learn and ask questions?
- Have curiosity and an open mind?

WHAT YOU WILL GAIN...

- **First hand** experience across multiple departments
- **The chance** to learn from experienced teams and mentors
- **Practical skills** you can use in school, college or future jobs.
- **A better understanding** of the career opportunities in agriculture and beyond.

AT DUGDALE NUTRITION...

.....every department plays a vital role in keeping the business running smoothly. During your work experience, you could spend time with Transport, seeing how our fleet keeps deliveries on the road and customers supplied on time. In Production, you'll learn how feed is manufactured, quality-checked and prepared for farms throughout our trading areas, while our Retail Sales and Sales Support teams show how we support farmers with advice, technical knowledge and the right products. In HR, you'll get involved in the behind-the-scenes work that supports our staff and keeps everything organised and within Formulations, you'll discover how science and innovation help us create feeds that support animal health and farm performance. By rotating through departments, you'll gain a 360° view of how a modern agricultural business works and see that there's far more to the industry than you might think!
